Applications to be submitted in-person only.

Smoke detectors shall be required on each habitable level of the home. Smoke detectors shall be located on ceilings or within six (6) inches of the ceiling but not in corner. Smoke detectors shall be located within the immediate vicinity of all bedrooms such as bedroom hallways but no more than ten feet (10') from the furthest bedroom door. Ten (10) year sealed battery powered smoke detectors shall be installed. ***However, homes built after 1977 which requires a/c smoke detectors or a/c interwire smoke detectors or interwire smoke detectors with battery backup must maintain these types of detectors and cannot substitute with battery operated smoke detectors***. NOTE: Smoke detectors expire after ten (10) years.

Carbon Monoxide detectors shall be located within the immediate vicinity of all bedrooms such as bedroom hallways but no more than ten feet (10') from the furthest bedroom door. DO NOT locate Carbon Monoxide detectors within the bedroom unless you have a Carbon Monoxide detector in the hallway.

Homeowners with alarm systems must have annunciators within ten feet (10') of bedrooms and on each level. Alarm company must be notified that the system is being tested prior to inspection.

All one and two family homes must have a **2A-10B:C fire extinguisher** no more than ten (10) pounds available within ten feet (10') of the kitchen area and located in the path of egress. The extinguisher must be listed, labeled, charged and operable. The extinguisher shall be ***mounted*** using the manufacturer's hanging bracket so the operating instructions are clearly visible. It must be visible and cannot be more than five feet (5') above the floor.

Homeowners with sump pumps/pits shall have the area open for inspection. Sump pumps shall not discharge into sanitary sewer systems.

Homeowners who performed work on their homes **WITHOUT PERMITS, *UPON DISCOVERY***, shall be subject to a minimum penalty of $250.00. This includes but is NOT limited to swimming pools, spas/hot tubs, decks, sheds, garage conversions, basement alterations, wood stoves, furnace replacement, hot water heater replacement, central air conditioning, oil to gas conversion, tank removal/abandonment, etc.

Homeowners and/or agents: It is your responsibility to see that all open permits are closed out prior to the inspection. Please **DO NOT** schedule real estate closings until all open permits and/or violations have been corrected. ***Certificates will be generated within two (2) business days.***

IF THE PROPERTY PRESENTS HEALTH OR SAFETY ISSUES FOR THE INSPECTOR, INSPECTION MAY BE REFUSED. CORRECTIVE ACTION FALLS ON SELLER.
